Extra info: many technical items already part installed  
The De Vries Lentsch MY 26 steel hull is a beautiful example of the classic de Vries Lentsch round stern motoryacht designs. Her construction is a much further state than just the hull but offers any buyer the chance to finish the design and layout any way they choose. All calculations and construction drawings made by Vripack from Sneek Holland. An elaborate package of drawings is available. If you are in the market for a new construction classic 26 meter displacement then you must come and see this yacht in Holland.
