More info on paintwork: New painted 2017
Extra info: Oscar Wisting was Roald Amundsen's most trusted expedition companion. For 16 years he worked for Amundsen on board the Fram, the Maud and the airship Norge. Together they were the first to reach both the South and North Poles.
MY Wisting was originally commissioned by the Norwegian Navy as HM5. She was built in 1978 by Voldnes Skipverf in Norway as one of 6 Wisting class naval supply vessels built for the Navy.
Between 2005 and 2007 HM5 Wisting underwent a conversion from naval vessel to explorer yacht. The conversion fulfilled the current owner's ambition to create a sturdy and versatile yacht with innovative engineering features, capable and equipped for world cruising. The interior was designed to have a Scandinavian style look and feel consistent with her heritage. The conversion included replacement of the superstructure and all mechanical and electrical systems apart from the rudder and steering gear.

completed her 5 year Lloyds register survey in August 2012. She was, until August 2010 commercially registered MCA Large yacht code but is now privately owned

MY Wisting is maintained to a very high standard and

and VAT paid. She underwent a major 1 mio. euro refit from 2015 to 2017 adding major attributes and upgrades for more than euro 1 mio.

Extra info: Refits 2007 and 2017

Electric propulsion explorer yacht! Converted from the Norwegian naval vessel of the same name in 2007 to create a world explorer with a major refit. With the recent refit in 2017 adding a new sundeck she offers a fantastic layout. She is in fine condition, with excellent owner's and guest area space.

New paint, thick new teak deck.

The newest in diesel electric engineering allows 7000 miles range at 55 L per hour from 3 power sources, silently and environment friendly. A unique and very strong and sea worthy yacht for absolute autonomy.
