## Omschrijving

Making a long distance JETSURF trip has never been easier. Making a long distance JETSURF trip has never been easier. Make it a superb adventure with the JETSURF ADVENTURE DFI, which introduces a couple of brand new features. A higher level of independence will be secured by a specially - designed rack in the front part of the board. Additional equipment to make your journey more enjoyable can be carried in a specially designed duffel, or just put additional fuel can onboard and enjoy cruising time of up to 3 hours. The 2019 JETSURF ADVENTURE is equipped with a DFI low emission impact engine.

### CONTROL SPEED AND BALANCE IN YOUR HAND

Acceleration, speed, balance, - it's all in your hand. The JETSURF control handle serves for starting the board, throttle acceleration and makes a good stability point at any stage of your riding level.

### SAFETY FIRST

Making a long distance JETSURF trip has never been easier. Make it a superb adventure with the JETSURF ADVENTURE DFI, which introduces a couple of brand new features. A higher level of independence will be secured by a specially - designed rack in the front part of the board. Additional equipment to make your journey more enjoyable can be carried in a specially designed duffel, or just put additional fuel can onboard and enjoy cruising time of up to 3 hours. The 2019 JETSURF ADVENTURE is equipped with a DFI low emission impact engine.

**CONTROL SPEED AND BALANCE IN YOUR HAND**  
Acceleration, speed, balance, - itâ€™s all in your hand. The JETSURF control handle serves for starting the board, throttle acceleration and makes a good stability point at any stage of your riding level.

### SAFETY FIRST

The ergonomic straps and footpads made of specialized memory foam connect the riders to the boards, allowing for jumps, airs, grabs and even flips. The straps are placed for ideal weight distribution on the board making it nearly impossible to slip off the board.

### ENVIROMENTALLY FRIENDLY

JETSURF always remembers about environment. Low CO emission engine and recommended 1:50 oil/fuel mixture ratio secure only 63,4 grams of CO emission impact.

### Accessoires:

#### The TUBE

Brand new accessory equipment by JETSURF MOTORIZED SURFBOARD. Looking for easier jetsurfing beginnings? Would you like to let your children share the board or just welcome more buoyancy? Then, the Tube will definitely be your favourite. A rubber fitted to your board will create one of the most stable surfing crafts. This inflatable accessory will not take up

## Volledige Omschrijving

too much space for transport, and could easily be strapped to all JETSURF models.

### ADVENTURE RACK

JETSURF Adventure is a right choice for any experience. Why not to film it or make a photo memory from your ride? Carrying your belongings has never been easier on a JETSURF board. Rack on the Adventure model will now help you to put a duffel or additional fuel can on board.

### DUFFEL

Designed for long distance cruises, the rack allows riders to fix a duffel on the rack to carry extra equipment to make your journey even more enjoyable experience. Whether like to take a toolbag, selfie stick, cameras to record your riding skills, all will fit to your JETSURF ADVENTURE model additional duffel. Volume is 15 litres.

### FUEL CAN

Fuel can is a brand new accessory attachable with a clip to the front part of the JETSURF ADVENTURE board. Additional fuel can will make the board independent for up to 3 hours of cruising time.

### SILENCER

Silencer is a brand new feature coming to the JETSURF model line-up. The silencer significantly reduces the noise to 59 dB and makes the JETSURF boards Directive 2013/53/EU of the European Parliament and of the Council compliant.
