Volledige Omschrijving

Elan GT5 alleen gebruikt als demo, geleverd in Oktober 2018

This is a new Elan GT5, the flag ship of the Elan performance cruiser range. It has been used since as a demonstrator since October 2018 and now available at a reduced price of nearly €55,000. The Elan GT5 features a clean and distinctive exterior design, a carefully tuned sail plan, and a welcoming cockpit with a teak-covered seating area. It is optimized for shorthanded sailing and its interior meets the most demanding requirements for both comfort and luxury. The furniture, made with a natural oak veneer, is conveniently designed to offer optimal amounts of space and comfort, while the fully-equipped galley will easily satisfy your culinary needs. The hot water system and the electric drain pumps, the DAME-awarded control panel and the pleasant practical and ambient lighting truly deliver a rounded and comfortable cruising experience in this uncompromisingly equipped yacht. The space below deck is unique in her class. The Elan Design Team has implemented an inverted saloon layout featuring the galley forward, ensuring optimal utilisation of the yacht's volume for the most comfortable and innovative saloon in her size range. The galley forward offers ample storage space with a customisable corner to be equipped individually for each owner. The 180-degree panoramic skylight with the window in window feature, two hatches and one large central hatch, the saloon can be ventilated at all times.

comfortable and innovative saloon in her size range. The galley forward offers ample storage space with a customisable corner to be equipped individually for each owner. The 180-degree panoramic skylight with the window in window feature, two hatches and one large central hatch allows the saloon to be ventilated at all times.Â

Exterior: With the swim platform, options of a cockpit galley featuring a fridge, grill and other amenities common on much larger yachts, the GT5 cockpit is designed for enjoying time with family and friends, offering ample seating area and different innovative cockpit table options converting the seating into a sunbathing lounge.

A clean deck design ensures fast and safe passage forward, and enables plenty of sunbathing area with dedicated cushions on the foredeck.

"Conclusion Sailmagazine:Over the years, many manufacturers have missed the opportunity to project their identity.

However, with its good build quality, solid performance and cutting-edge styling, the Elan GT5 stands out, not only as the first of Elan's new GT range but within the European boatbuilding industry as a whole"

"Conclusion Cruising World:Â the new flagship from Elan is certainly worth a look if you're in the market for a cruising boat that promises some get-up-and-go."
